Products

[STYROFOAM](#)

[North America](#)

What is the recycle content of STYROFOAM* products?

QUESTION

What is the recycle content of STYROFOAM* products?

ANSWER

STYROFOAM insulation products have no recycle content based on LEED definition.

However, STYROFOAM products are thermoplastic material and totally recyclable. In fact, STYROFOAM product manufacturing process recycles its own scrap to minimize foam waste taken to landfills.
